Rayburn House Office Building  
Capitol Hill, Washington, D.C.**

RSVP to: [rboege@comcast.net](mailto:rboege@comcast.net)

This Reception is a "widely attended public event" under Congressional definitions. Please alert us if you need any accommodations to attend. STEM on the Hill™ Congressional Visits Day (CVD) is a two-day annual event convening scientists, engineers, researchers, educators, and technology executives to Washington to educate Member of Congress about science, engineering, technology and STEM matters. Uniquely multi-sector and multi-disciplinary, STEM on the Hill™ is coordinated by a coalition of professional societies, associations, educational institutions and companies.
